

New Chevy

Taylor Bennett

Hey little lady, thought I'd hit you up
I just bought me a Chevy
I got a taxi cab on the way
The only question, girl, is if you ready
No need for make up don't you make up excuses
You got 10 minutes baby then you gon' do this
You got 5 minutes till I pick you up
Lil lady thought I'd hit you up

Lil' lady thought I'd hit you up, I just bought me a Chevy
You can smoke pot and hotbox my box Chevy
I know you thinking "Damn, he's at it already"
The only question's can I pick you up
But ain't my driver rang your doorbell already?
To the Hoover, you're a shooter, so deadly
Then you fought me like "He ain't come and get me"
Ain't that crazy? Ain't you lazy? Ain't you fancy?
And I'm so antsy, call me when you land
Catch me if you can like the plane can't land
Swervin' in a black surburban to your rescue, finna come and get ya
Thinking to myself like "Damn, I'm thirsty"
A step up from a bustdown like damn God
Goddamn she perfect, and I'm worth it

Hey little lady, thought I'd hit you up
I just bought me a Chevy
I got a taxi cab on the way
The only question, girl, is if you ready
No need for make up don't you make up excuses
You got 10 minutes baby then you gon' do this
You got 5 minutes till I pick you up
Lil lady thought I'd hit you up

Way before the Jeep or the Benz
I was in the Lumi juuging with friends
Back then we was still smoking reggie
Now, I vow to never do that again
I'm like "Hey, lil lady can I pick you up?"
"I got some yoppers do you feel like rolling?"
Remember someone hit my Chevy Impala
Straight finessing, they had great insurance
Let me pull up to your bumper baby
Riding dirty with my thumper baby
What's yo name and number baby?
You can kick it with Tony this summer baby
Do drugs do me let's get crazy
In my Chevy with his lady
She play songs like a disc jockey
I send her home with her breath cocky

Hey little lady, thought I'd hit you up
I just bought me a Chevy
I got a taxi cab on the way
The only question, girl, is if you ready
No need for make up don't you make up excuses
You got 10 minutes baby then you gon' do this
You got 5 minutes till I pick you up

Lil lady thought I'd hit you up

Hey little lady I'd like to pick you up

Got a new Chevy

Hey little lady I'd like to pick you up

Got a new Chevy

Hey little lady I'd like to pick you up

I just bought a new Chevy

Hey little lady I'd like to pick you up

I just bought a new Chevy

Hey little lady I'd like to pick you up

I just bought me a Chevy
