

One, Two

Taylor Bennett

She wants to
She wants to

Yeah, if she wants to, I'll be there like one, two
And I'm finna come through, nothing that I can't prove (She wants to)
If she wants to, I'll be there in one move
Got the stash in the bag, and the gas on full, yeah

I've been around two, it's something that I feel is true
Ridin' in the Nissan, tourin' in Sweden
Give me a reason, I don't need one
I just need love, love myself now

It's the simple things you do
Cook me good food
Make sure I get up 'cause I got things I gotta do
Yeah, bein' around you put me better than you do
It's truly just the simple things you always do
It's the simple things you do
Cook me good food (Yeah)
Make sure I get up 'cause I got things I gotta do, yeah
Yeah, bein' around you, really, and everything you do
It's truly just the simple things you always do

Yeah, if she wants to, I'll be there like one, two
And I'm finna come through, nothing that I can't prove (She wants to)
If she wants to, I'll be there in one move
Got the stash in the bag, and the gas on full, yeah (Skrr)

If she wants to, I got drugs, I got moves
I got rolls in my shoes, all these pelle's, ain't no jewels
True, religion and jeans that I'm rockin' don't measure my pockets
By pockets those profits don't make you a prophet
I might hit the 8th, shout out Lil Gotit
Suicide status when you hittin' these margins
Still they get target over Neiman's market
I'ma put the hood on, shout out to the bosses
We in the gym every day no problem
I'ma rock some Versace like a throwback
But we still want the one with the kick back
Anybody from the mud really gon' feel that
Anybody from the hood really gon' get that
Semi on me like I'm Semion
Don't get cut in half like a demigod
When she call my phone, it's a different side
It's a different vibe, don't be surprised
When you catchin' fire
See an angel fallin', tryna catch a flight
When I'm steady tourin' like Adventure Time
Got some folks from the wood who identify, yeah

Yeah, if she wants to, I'll be there like one, two
And I'm finna come through, nothing that I can't prove (She wants to)
If she wants to, I'll be there in one move
Got the cash in the bag, and the gas on full, yeah
