

Outro (Chi-Town Anthem)

Taylor Bennett

That's just all we do
Drink and turn up til the morning
Drink and turn up til the morning
That's just all we do
Was to my knowledge, doing this before college
This is all we do, that's all we do
That's all we do, that's all we do

All we do, is drink and turn up til neighbors open curtains
Call police just to alert 'em
Cause homie all we do
Is stay up late nights just searching for entertainment
Or something to make us famous
That's really all we do
Was to our knowledge
Been doing this before college
I swear this really embellishing me
All we do, is drink and turn up til neighbors open curtains
Call police just to alert 'em

And south side niggas gon juke
West side niggas gon bop
South side niggas gon work
West side niggas gon bop, bop, bop, bop
West side niggas gon juke
West side niggas gon bop
South side niggas gon work
West side niggas gon bop, bop, bop, bop

All we do is work, all we do is juke
Chi don't dance no more, shout out BBU
They been preachin' truth, ay
I'm back and improved, this my season two
All y'all other niggas fly, y'all some pilots too
I might silence you
(South side niggas gon work)
(South side niggas gon juke)
(South side niggas gon work)
(South side niggas gon juke)
Even if the setting's wrong, you know I'mma set it off, ay
And I got a new flow too bro
Lambo, two door, number uno, pockets sumo
My shit? Bueno
Chi-Town lingo what do you know
Rudies, fufu, stain's what you are
Might take your chain where I'm from
79th Vincennes, where I'm from
All my homies yelling "gang" where I'm from
K-town, like Lord where the ac' at?
North side like you, where the pack at?
What's the word, like I can't see the hashtag
Chi-Town going crazy on the map now
Ayy, and I'm running, shot and foul, putting racks up
No subs, don't need no back up
My squad like Jordan, Pippen, Rodman and Batman was back up
And Superman can alley-oop then three the fucking trashcan
Or D. Rose, Obama, Kanye, and Chance the Rapper

Formed an all-star team called Chicago Pastors
And all of them literally quit and just started rapping

All we do, is drink and turn up till neighbors open curtains
Call police just to alert 'em
Cause homie all we do
Is stay up late nights just searching for entertainment
Or something to make us famous
That's really all we do
Was to our knowledge
Been doing this before college
I swear this really embellishing me
All we do, is drink and turn up till neighbors open curtains
Call police just to alert 'em

Okay south side niggas gon juke
West side niggas gon bop
South side niggas gon work
West side niggas gon bop, bop, bop, bop
West side niggas gon juke
West side niggas gon bop
South side niggas gon work
West side niggas gon bop, bop, bop, bop

Chi don't dance no more, all we do is shoot
Check the evening news
We just lost a few, I think it's the flu
Ayy, and it's contagious too
The anger's caged in you
Got all that rage, no pocket change
Gain more temptation too
And I can relate to you, ayy
This your favorite song, play it when the ambulance takes too long
Play it when your friends don't make it home
Play it when you're stressed, Chi-Town's your home, aye
This your favorite song, hear this song we dance along
Even if the setting's wrong, you know we gon set it off
(Bop! Bop!)

All we do, is drink and turn up till neighbors open curtains
Call police just to alert 'em
Cause homie all we do
(Bop! Bop! Bop!)

Is stay up late nights just searching for entertainment
Or something to make us famous
That's really all we do
(Bop! Bop! Bop!)

Was to our knowledge
Been doing this before college
I swear this really embellishing me
All we do, is drink and turn up till neighbors open curtains
(Bop! Bop! Bop!)

Call police just to alert 'em
