

Moving On

Taylor Henderson

It's been four years
And thirty something days
I know I wasn't perfect
Do you have to walk away?
I crossed my fingers
When I said my last goodbyes
Say you didn't mean it
Was everything a lie

Honestly
Just let me know

And do you
Still love me?
Still need me?
Cause I don't know where I belong
You've left me
So empty
It feels like you're moving on
It's not too late to stay
But it feels like you're moving on

I got lost in the moments
We used to know so well
The wine stains on the carpet
Remind me how we felt
I never planned this
To wake up on my own
Within a vacant room without
Your heart to call my home

It's so strange how
You're a stranger now

Do you
Still love me?
Still need me?
Cause I don't know where I belong
You've left me
So empty
It feels like you're moving on

How am I supposed to lay my love to rest
When one of us is holding on
How am I supposed to lay my love to rest
When one of us is still holding on

Do you
Still love me?
Still need me?
Cause I don't know where I belong
You've left me
So empty
It feels like you're moving on
It's not too late to stay
But it feels like you're moving on
