

Everyday

James Taylor

Every day it's getting closer
Going faster than a roller coaster
A love like yours would surely come my way

Every day seems a little faster
All my friends they say go on up and ask her
A love like yours would surely come my way

Every day it seems a little stronger
Every day it lasts a little longer
Come what may do you ever long for
True love from me like I longed for yours baby

Every day seems a little closer
Going faster than a roller coaster
A love like yours would surely come my way

A love like yours would surely come my way
Every day

Every day it seems a little stronger
Every day you know it lasts a little longer
Come what may do you ever long for
True love from me like I longed for yours baby

Every day seems a little closer
Going faster than a roller coaster
A love like yours would surely come my way

Every day....
