

## Life In The KunTree

**Taylor Ray Holbrook**

A life in the KunTree is a good one Lord have mercy on me  
Every single day that I wake up I'm living in the land of the free

Raise the flag high till' the day I die from sea to shining sea  
I said a life in the KunTree is a good one Lord have mercy on me

I got a kiss and a coffee waiting for me the second I get out of the bed

I let the chickens out the coop in the morning I grab me a few farm fresh eggs

I start working fore' the sun comes up well into the afternoon I'm doing what I love and I thank the Lord above and I hope we don't meet too soon

Because a life in the KunTree is a good one Lord have mercy on me

Every single day that we wake up we're living in the land of the free

Raise the flag high till' the day we die from sea to shining sea

I said a life in the KunTree is a good one Lord have mercy on me

I got a KunTree cabin high in the Smokeys I rent it out to all of my friends

Moonshine a little beer a little wine and some good vibes for your time

I know I don't got everything but I've got all you need  
And I can't remember the last time I said you don't wanna be me

Because a life in the KunTree is a good one Lord have mercy on me

Every single day that we wake up we're living in the land of the free

Raise the flag high till' the day we die from sea to shining sea

I said a life in the KunTree is a good one Lord have mercy on me

Whenever I hear somebody a'puttin down the home of the brave  
We say man ya'll ought to be proud to be from the USA

Because a life in the KunTree is a good one Lord have mercy on me

Every single day that we wake up we're living in the land of the free we outta

Raise the flag high till' the day we die from sea to shining sea
