

# Actually Romantic

Taylor Swift

## Verse 1

I heard you call me "Boring Barbie" when the coke's got you brave  
High-fived my ex and then you said you're glad he ghosted me  
Wrote me a song saying it makes you sick to see my face  
Some people might be offended

## Chorus

But it's actually sweet  
All the time you've spent on me  
It's honestly wild  
All the effort you've put in  
It's actually romantic  
I really gotta hand it to you, ooh  
No man has ever loved me like you do

## Verse 2

Hadn't thought of you in a long time  
But you keep sending me funny valentines  
And I know you think it comes off vicious  
But it's precious, adorable  
Like a toy chihuahua barking at me from a tiny purse  
That's how much it hurts  
How many times has your boyfriend said  
"Why are we always talking 'bout her?"

## Chorus

It's actually sweet  
All the time you've spent on me  
It's honestly wild  
All the effort you've put in  
It's actually romantic  
I really gotta hand it to you, ooh  
No man has ever loved me like you do

## Bridge

You think I'm tacky, baby  
Stop talking dirty to me  
It sounded nasty, but it  
Feels like you're flirting with me  
I mind my business, God's my witness that I don't provoke it  
It's kind of making me wet (Oh)

## Chorus

'Cause it's actually sweet  
All the time you've spent on me  
It's honestly lovely  
All the effort you've put in  
It's actually romantic  
Really got to hand it to you, to you  
No man has ever loved me like you do

## Outro

It's actually romantic (You've just given me so much attention; la-la-la-la)  
It's actually romantic  
(It's so) Romantic
