

# Need

Taylor Swift

Want is the cigarette smoke on a jacket  
You wore to the wrong part of town  
Desire is the sound of the whiskey  
Telling me you miss me, can you come around?

Passion is a passing thing  
It's accidental chemistry  
Lust is a liar, a short-lived fire  
It ain't what you and I are at all

Oh, it's a need, it's a need  
I would go anywhere that you lead  
I am hopeless, breathless, burning slow  
Touch me, hold me, tell me, "I won't let you go"  
I won't leave, it's a need

Danger is a thousand prickles on my neck  
That tell me to run or to freeze  
Fear is the nightmare I had, you were with someone else  
You forgot about me

Passion is a passing thing  
It's accidental chemistry  
Caught up in a feeling, it can be deceiving  
This is like breathing for me

Oh, it's a need, it's a need  
I would go anywhere that you lead  
I am hopeless, breathless, burning slow  
Touch me, hold me, tell me, "I won't let you go"  
I won't leave, it's a need

Baby, it's always  
A new kiss every time we do this  
The truth is  
It's essential to me  
That you love me more than  
Wishing, longing

Oh, it's a need (It's a need), it's a need (Ah-ah, ah-ah)  
I would go (I would go) anywhere (Anywhere) that you lead (Oh,  
oh)  
I am hopeless, breathless, burning slow (Burning slow)  
Touch me, hold me, tell me, "I won't let you go"  
I won't leave (I won't leave), it's a need (Oh)
