

# Don't Let Me Down

Tchami

On with you  
Don't want to wait another day  
You've got to say it, tell me now  
I want you  
But I got something on my mind  
I got to say  
Don't let me down

On with you  
Don't want to wait another day  
You've got to say it, tell me now  
I want you  
But I got something on my mind  
I got to say  
Don't you ever let me down, down, down...  
Don't you ever let me down

On with you  
Don't want to wait another day  
You've got to say it, tell me now  
I want you  
But I got something on my mind  
I got to say  
Don't you ever let me down  
Don't you ever let me down
