

Ghosts

Tchami

I shall follow
Night falls so slow
I'm here, you know
You're not alone

Alone, alone
Alone, alone

I'm in love with a feelin'
There's a ghost that I'm savin'
I stay calm and I breathe in
Raise the flames we believe in

I'm in love with a feelin'
There's a ghost that I'm savin'
I stay calm and I breathe in
Raise the flames we believe in

(I'm in love with a feelin'
There's a ghost that I'm savin'
I stay calm and I breathe in
Raise the flames we believe in)
