

Only One

Tchami

Oh, we weren't made this love, oh no we weren't
What have we got if we can't even trust?
And I'm sounding crazy, you keep telling me baby
That I'm your only one

I know I'm not your only one
I know I'm not your only one
I know I'm not your only one
Only one, only one
I know I'm not your only one
I know I'm not your only one
I know I'm not your only one
Only one, only one, only one

Know I'm
Yeah

Not your
Only one, only one, only one, not your
Only one, only one, only one, not your
Only one, only one, only one, not your
Only one, only one, only one only one only one

Not your
Not your

Oh, we weren't made for this love, oh no we weren't
What have we got if we can't even trust?
And I'm sounding crazy, you keep telling me baby
That I'm your only one

I know I'm not your only one
I know I'm not your only one
I know I'm not your only one
Only one, only one
I know I'm

(I know I'm not your only one
I know I'm not your only one
I know I'm not your only one
I know I'm not your only one)
I know I'm not your only one
I know I'm not your only one
Only one, only one, only one

Not your
Oh-oh-oh
Not your
Not your
Not your
Not your
Not your
Only one
Not your
