

## Proud

Tchami

Don't need caution, you're gonna find out  
In this lifetime only upsides now  
Lookin' for the right mood, that's the mood now  
So when I look back I can say there's no regrets  
And I'm proud, I'm proud  
I'm proud, I'm proud

Don't need caution, you're gonna find out  
In this lifetime only upsides now  
Lookin' for the right mood, that's the mood now  
So when I look back I can say there's no regrets  
And I'm proud, I'm proud  
I'm proud, I'm proud

Don't need caution, you're gonna find out  
In this lifetime only upsides now  
Lookin' for the right mood, that's the mood now  
So when I look back I can say there's no regrets  
And I'm proud, I'm proud  
I'm proud, I'm proud
