How long you gon' live your life
Not living it right
Everything is such a vibe
Plus money is tight
Getting fucked up every night
And stop trying to

But it's easy to stay down when you're falling
Trying to get on just to fall again, it gets
Disappointing, you stop, just stop believing
Trying to find a reason just to wake up in the morning

We can all use
We can all use a reset button
We can all use
We can all use
We can all use
A reset button

We can use a Rebirth
Rebirth
We can use a Rebirth

How long are you gonna run?
You're like Forrest Gump
Running from where you come from
But you can't run from yourself
So time it will always remember
But it doesn't have to define you
Let it go and just let love find you

But it's easy to stay down when you're falling
Trying to get on just to fall again, it gets
Disappointing, you stop, just stop believing
Trying to find a reason just to wake up in the morning

We can all use
We can all use a reset button
We can all use
We can all use
We can all use
A reset button
