

I'll give my all to you
I promise that I won't live a lie
I'll give my all to you
I promise that I won't live a lie
I'll give my all to you
I promise that I won't live a lie
I'll give my all to you
I promise that I won't live a lie
I'll give my all to you
I promise that I won't live a lie

How do you do, easy to you
Took my whole world apart
Now I miss you
How do you do, easy to you
Took my whole world apart
Now I miss you
How do you do, easy to you
Took my whole world apart
Now I miss you

I'll give my all to you
I promise that I won't live a lie
I'll give my all to you
I promise that I won't live a lie
I'll give my all to you
I promise that I won't live a lie
I'll give my all to you
I promise that I won't live a lie
I'll give my all to you
I promise that I won't live a lie

How do you do, easy to you
Took my whole world apart
Now I miss you
How do you do, easy to you
Took my whole world apart
Now I miss you
How do you do, easy to you
Took my whole world apart
Now I miss you
