

## Back To Me

TCTS

Is it fair that you think about me but you don't give me though  
t

I treat you fair, but you stepping over me like you don't give  
a fuck

You say you care but it's when you're lonely  
Don't close your eyes and then cry for me  
I can't hear and see you in my dreams, yeah  
So baby come back to me

Come back to me  
Come back to me  
Come back to me  
Come back to me, come back to me  
Baby, come back to me  
Come back to me, come back to me

Is it fair that you think about me but you don't give me though  
t

I treat you fair, but you steppin' over me like you don't give  
a fuck

You say you care but it's when you're lonely  
Don't close your eyes and then cry for me  
I can't hear and see you in my dreams, yeah  
So baby come back to me

Come back to me
