

# Is It A Lie

TCTS

Always used to sleep intertwined  
You made me feel so alive  
Now I miss your skin on mine  
Where have you gone?  
Are we overgrown?

Oh, whoa  
Where have you gone?  
Are we overgrown?

Oh, whoa  
Do you still love me or is it a lie?  
Oh, whoa  
We're moving our bodies out of time  
I feel myself fading from your mind  
I struggle to read between the lines  
Oh, whoa  
Do you still love me or is it a lie?  
(Or is it a lie?)

(Or is it a lie?)  
Do you still love me or is it a lie?  
(Or is it a lie?)  
(Or is it a lie?)  
Do you still love me or is it a lie?

Always used to sleep intertwined  
You made me feel so alive  
Now I miss your skin on mine  
Where have you gone?  
Are we overgrown?

(Oh, whoa)  
Where have you gone?  
Are we overgrown?  
(Oh, whoa)  
Where have you gone?  
Are we overgrown?

Do you still love me or is it a lie?  
We're moving our bodies out of time  
I feel myself fading from your mind  
I struggle to read between the lines  
(Oh, whoa)  
Do you still love me or is it a lie?  
(Or is it a lie?)

(Or is it a lie?)  
Do you still love me or is it a lie?  
(Or is it a lie?)  
(Or is it a lie?)  
Do you still love me or is it a lie?
