

Sorry

TCTS

I'll tell you what
Cuz you acting blind
And you can't decide
I'll tell you why
I'll tell you why

Cuz you never find
What's on my mind
Never read the signs
I'll tell you I
I'll tell you I

Now I'm changing the way I behave
But that doesn't mean I will stay
Feel like I'm going astray
But when I'm leaving I'm falling again

I'll tell you what
Cuz I can't decide
What's on my mind
I'll tell you why
I'll tell you what
But now I see it

One time an illusion
Two time he got me tripping on me
I see the confusion
Lights out got me leaving at three
Subside the delusion
Third time I ain't tripping on me
There ain't no confusion
Lights out and I'm leaving at three

Don't confuse me with somebody
Your tricks don't move my body
Yea, don't, don't get me started
Tryna fool me saying sorry...

Oh, tell me why do I flip my mind
And I change my way
Do I like it when you drive me insane
Drive me insane

Changing the way I behave
But that doesn't mean I will stay
Feel like I'm going astray
But when I'm leaving I'm falling again

I'll tell you what
Cuz I can't decide
What's on my mind
I'll tell you why
I'll tell you what
But now I see it

One time an illusion
Two time he got me tripping on me

I see the confusion
Lights out got me leaving at three
Subside the delusion
Third time I ain't tripping on me
There ain't no confusion
Lights out and I'm leaving at three

Don't confuse me with somebody
Your tricks don't move my body
Yea, don't, don't get me started
Tryna fool me saying sorry...
