

# Take It Back

TCTS

Take it back  
Take it back before  
Take it back  
Let's take it back before us  
Take it back  
Take it back before me  
Take it back  
Let's take it back before us

Take it back before me  
Take it back  
Let's take it back before us  
Take it back  
Take it back before me  
Take it back  
Let's take it back before  
(Take it back before me)  
Take it back before  
Take it back before  
Take it back before  
Take it back before

Now I feel I'm losin' my patience, it's so clear to see  
You take me for granted  
I'm feelin' lost and I'm knocked off my feet

Let's take it back before us  
Take it back  
Take it back before me  
Take it back  
Let's take it back before us

Take it back before me  
Take it back  
Let's take it back before us  
Take it back  
Take it back before me  
Take it back  
Let's take it back before  
Take it back before  
Take it back before me  
Take it back before  
Let's take it back before us  
Take it back before  
Take it back before me  
Take it back before  
Let's take it back before

(Me)  
Let's take it back before  
(Me)  
Let's take it back before
