

Tearing Up My Heart

TCTS

How do you do it
Got a taste now
I need need need your love
You're puttin' me through it
What a waste, honey we can't keep this up

You can't stop yourself
I can't walk away
Oh it hurts like hell
But it's ecstasy
I can't help but love
How you're killing me

Feel you tearing up my heart like
Da da da da da da
You're tearing up my heart
Da da da da da da
You're tearing up my heart
Da da da da da da
You're tearing up my heart
Da da da
Feel you tearing up my heart like

Da da da da da da da
(You're) tearing up my heart
Da da da da da da
(You're) tearing up my heart
Da da da da da da
(You're) tearing up my heart
Da da da da
Feel you tearing up my heart like

I know that I shouldn't
But I keep coming back back back to you
You know what you're doing
Got me so down bad bad bad for you
