Teairra Mari

Yeah Yeah I I I I think this one for the radio  
Yeah Yeah I I I I think this one...

I'm looking for you,  
That sweet, incredible you,  
That unforgettable you  
The you that only I can know  
Tell me what I gotta do, what walls I gotta break through  
That lead me right back to you oohh  
Cause I'm searching boy but I don't have a clue

I'm not gonna stop fighting, I'ma keep searching  
I'll go til the end of the world if I have to  
I'm gonna keep trying, as long as I'm hurting  
Tell me what I gotta do, cause boy I'm on the hunt for you  
Where you at, Where you at, Where you at  
Where you at, Where you at, Where you at  
Cause boy I'm on the hunt for you  
Where you at, Where you at, Where you at  
Where you at, Where you at, Where you at

I'm looking for you,  
That irreplaceable you  
That warm, embraceable you ohh,  
That walked right out that door  
What argument can I lose, when they can not play a fool?  
Tell me boy what I gotta do oh baby  
To figure out why you don't love me no more

I'm not gonna stop fighting, I'ma keep searching  
I'll go til the end of the world if I have to  
I'm gonna keep trying, as long as I'm hurting (I'ma keep trying baby)  
Tell me what I gotta do, cause boy I'm on the hunt for you  
Where you at, Where you at, Where you at  
Where you at, Where you at  
Cause boy I'm on the hunt for you  
Where you at, Where you at, Where you at  
Where you at, Where you at

She calls me up whenever I leave,  
She's looking out for me heyy yeahh...
