

## Hunt 4 You

Teairra Mari

Yeah, yeah, I, I, I think this one's for the radio  
Yeah, yeah, I, I, I think this one

I'm looking for you  
That sweet incredible you  
That unforgettable you  
The you that only I can know  
Tell me what I gotta do  
The walls I gotta break through  
That'll lead me right back to you, oooh  
Cause I'm searching boy but I don't have a clue

I'm not gon' stop fightin'  
I'mma keep searchin'  
I'll go the end of the world if I have to  
I'mma keep trying  
As long as I'm hurting  
Tell me what I gotta do  
Cause boy I'm on the hunt for you

Where you at?  
Where you at?  
Where you at?  
Where you at?  
Where you at?  
Cause boy I'm on the hunt for you  
Where you at?  
Where you at?  
Where you at?  
Where you at?  
Where you at?

I'm looking for you  
That irreplaceable you  
That warm embraceable you, oohoo  
That walked right out that door  
What argument can I lose  
But they can not play a fool  
Tell me boy what I gotta do, oh baby  
To figure out why you don't love me no more  
I'm not gon' stop fightin'

I'm not gon' stop fightin'  
I'mma keep searchin'  
I'll go the end of the world if I have to  
I'mma gon' keep trying  
As long as I'm hurting  
Tell me what I gotta do  
Cause boy I'm on the hunt for you

Where you at?  
Where you at?  
Where you at?  
Where you at?  
Where you at?  
Cause boy I'm on the hunt for you  
Where you at?

Where you at?  
Where you at?  
Where you at?  
Where you at?

And I think this one's for the radio...  
And I think this one...

She said I've been missin' for a minute  
I ain't been no where  
I'm in this motherf\*\*\*er til' we finish  
And we go back and forth with cursing words like it's tennis  
See I'm a green fiend  
I be out here chasing spinach  
And, and, and she said I don't like your cars  
I'd rather have your heart  
You call me your wifey baby let me play the part  
She hates when we're apart  
She calls me up whenever I leave  
She's looking out for me  
Heeeeyyy, yeeaaaahhh

I'm not gon' stop fightin'  
I'mma keep searchin'  
I'll go the end of the world if I have to  
I'mma gon' keep trying  
As long as I'm hurting  
Tell me what I gotta do  
Cause boy I'm on the hunt for you

Where you at?  
Where you at?  
Where you at?  
Where you at?  
Where you at?  
Cause boy I'm on the hunt for you  
Where you at?  
Where you at?  
Where you at?  
Where you at?  
Where you at?

I'm not gon' stop fighting  
I'mma keep searching  
I'm gon' keep trying  
As long as I'm hurting  
Cause boy I'm on the hunt for you

Where you at?  
Where you at?  
Where you at?  
Where you at?  
Where you at?  
Cause boy I'm on the hunt for you  
Where you at?  
Where you at?  
Where you at?  
Where you at?  
Where you at?
