

Might Get Lucky

Teairra Mari

Now if you treat me like a
Treat me, treat me like a lady
Then potentially I'll let you be my baby
You have the number one spot
And you can be the only one allowed

Now if you get behind the
Behind the wheel and drive me crazy
And if I should ever fall you come save me, yea
Well, so far you got the high score

Now if you keep this up then ya might get down
I promise, baby I'm a give it to ya
If you keep doin' that, doin', doin' that
Keep doin' that and ya might get lucky

You know I'm the baddest game in town
And you can have it, baby
All ya gotta do is keep doin' that, doin'
Doin' that, keep doin' that and ya might get lucky

Now I'm a tell you how I tell you
Tell you how I want it and I'm a let you get up on it, yea
I know ya body like a rock
But I wanna see if you can put it down

Boy, I'm a work for ya
I'm sure ya like the way I'm on it
And maybe we can capture all the moments, yea
I'll give you one those guys would die for

Now if you keep this up then ya might get down
I promise, baby I'm a give it to ya
If you keep doin' that, doin', doin' that
Keep doin' that and ya might get lucky

You know I'm the baddest game in town
And you can have it when you want, baby
If you keep doin' that, doin'
Doin' that, keep doin' that and ya might get lucky

We vibin' and somethin's pullin' me closer to you
There ain't no tellin' just what we will do
Aw baby, the feeling is stronger
I can't wait no longer now let's do what we came to do

Now if you keep this up then ya might get down
I promise baby, I'm a give it to ya
If you keep doin' that doin', doin' that
Keep doin' that and ya might get lucky

You know I'm the baddest game in town
And you can have it if you wanna baby
If you keep doin' that doin', doin' that
Keep doin' that and ya might get lucky

Now if you keep this up then ya might get down

I promise baby, I'm a give it to ya
If you keep doin' that doin', doin' that
Keep doin' that and ya might get lucky

You know I'm the baddest game in town
And you can have it if you wanna baby
If you keep doin' that doin', doin' that
Keep doin' that and ya might get lucky
