

# I'm In The Mood

Tebey

Let that dress fall off your shoulder  
Go on and take your hair down  
It's just you and me, ain't nobody else around  
I've been watching you all night baby, yeah  
Laughing with our friends  
You look so good, I couldn't wait to get you home again  
I can't turn that key fast enough

I'm in the mood for loving on you  
We got all night to get it right  
I'm in the mood for kissing on you  
I wanna hold you til the morning light  
Baby, I don't know about you  
But I'm in the mood

I can't believe how lucky I am  
How did I get a woman like you?  
There ain't nothing on this Earth that I wouldn't do  
(I wouldn't do for you)  
I'll run you a bath, I know you love that  
I'll even kiss your toes  
I'll rub your back, it's been too long since I've done that  
Don't you know?

I'm in the mood for loving on you  
We got all night to get it right  
I'm in the mood for kissing on you  
I wanna hold you til the morning light  
Baby, I don't know about you  
But I'm in the mood

I'm in the mood for loving on you  
We got all night to get it right  
I'm in the mood for kissing on you  
I wanna hold you til the morning light  
Baby, I don't know about you  
Baby, I don't know about you  
But I'm in the mood  
Oh yes I am
