

## Now I Do

Tebey

A cable car, and a downtown streetlight  
We're moving slow, but you hold on so tight  
I lean in close, stealing a kiss or two  
Brush back your hair, to look in your eyes  
A moment like this, it just feels so right  
I ain't said it yet, but I'm all in with you

Oh, it's a crazy thing, it's a crazy world  
But it all makes sense, when you meet a girl  
And you fall in love, on a summer night  
And you wonder where, she's been all your life

I've been lookin', I've been out a lookin'  
To find someone like you  
I never had a reason to want this kind of feelin'  
But girl since I found you  
Now I dooo oooo oooo ooo  
Now I dooo oooo oooo ooo

So take my heart, cause I want you to have it  
When you whisper my name, it's just like magic  
It's to explain, but that's alright with me

Oh, it's a crazy thing, it's a crazy world  
But it all makes sense, when you meet a girl  
And you fall in love, on a summer night  
And you wonder where, she's been all your life

I've been lookin', I've been out a lookin'  
To find someone like you  
I never had a reason to want this kind of feelin'  
But girl since I found you  
Now I dooo oooo oooo ooo  
Now I dooo oooo oooo ooo

I've been lookin', I've been out a lookin'  
To find someone like you  
I never had a reason to want this kind of feelin'  
But girl since I found you  
Now I dooo oooo oooo oooo  
Now I dooo oooo oooo oooo  
Oh baby, now I do  
Oh baby, now I do
