

# Wreck Me

Tebey

Girl you're making me feel like I got a whiskey buzz  
Girl you're taking me where it's getting little dangerous  
You're hitting my just like an all night song  
One little kiss from you goes on and...  
On and on

You've got me going out of my head  
You've got my mind a mess  
And this night ain't over yet  
You've got this moonlight spinning around  
The stars are falling down  
My boots can't touch the ground  
The way that you get me  
Yeah baby you wreck me

Girl I'm high enough that I don't ever wanna crash  
She got that kinda stuff that's giving me a heart attack  
That kinda smile is like a smoking gun  
You know the damage is already, already done

You've got me going out of my head  
You've got my mind a mess  
And this night ain't over yet  
You've got this moonlight spinning around  
The stars are falling down  
My boots can't touch the ground  
The way that you get me  
Yeah baby you wreck me

Wreck me like a wrecking ball  
Go ahead break down the wall  
Good I ain't afraid to fall

You've got me going out of my head  
You've got my mind a mess  
And this night ain't over yet  
You've got this moonlight spinning around  
The stars are falling down  
My boots can't touch the ground  
The way that you get me  
Yeah baby you wreck me  
Yeah baby you wreck me  
Yeah baby you wreck me
