

Ever since I was a child  
I had this instinctive urge for expansion and growth  
To me, the function and duty of a quality human being  
Is the sincere and honest development of ones potential

(Big, we) Came in the door, changing the flows, strange and behold (WE)  
(Bigger) Aim it to blow, bang and it grows, reign in this show (ME)  
(Truly) The path was meant to be, they know we mentally  
(Deliver) When we call, we brawl until we all (free, free)

The bigger the problem, the bigger the pill  
The music is what I do to deliver the ill  
The people are saying "N9na, you give us the chills  
Make us really shiver for real with the twist of ya grill"  
The jig is upfilled, this another stop with no content?  
Nonsense, to you with no conscience, this bomb sent  
Made up with liquid hydrogen launchin'  
With the power of powder from Johnson & Johnson

Tossin' and turnin', a nice night for purgin'  
Need for Nnutthowze like knife to surgeon  
Cut cancer out, bright light emerging  
Fans dance about, bring sight for certain  
You use melodies, no elegy, filling you full of vigor  
Be willing to chew the bitter  
We sending you to the center (you've arrived)  
The energy's difficult to replace, smoking until it shapes  
Walk in the open gates

Most of 'em closed and hate  
The closer the soul's to Yates  
The vultures be on like yay  
My soul what they hope to take  
Heavy is the crown but I'm hypertrophin' when loading weight  
A warrior how I coach 'em, I'm sewing it, Golden State  
I'm silent but the majority, bro, their composure breaks  
But I keep sticking to the script, the conductor compose the shape (this is music)  
A sick muse poses, (ahold) the days, spread war when they cultivate  
How the culture appropriate, but don't have

No stress, inside of your chest  
I'm pushing a hundred million waves of dopeness  
Zkeircrow's next, you get a broke neck  
'Cause of how incredibly dope the flow gets  
Ripping it, oh yes, but I was so dead  
Call me Anubis, the crown's on like a Rolex

I'm with the whole tab, we killing all of the grotesque  
Big and bigger, baby, we so blessed

(Big, we) Came in the door, changing the flows, strange and behold (WE)  
(Bigger) Aim it to blow, bang and it grows, reign in this show (ME)  
(Truly) The path was meant to be, they know we mentally  
(Deliver) When we call, we brawl until we all (free, free)

I was broke and they had to lend me several

Dollars when I wasn't caught up, I hit the squad up  
It was not a fuss 'cause I buss it on any level  
Dropped cuts then I shot up, people holler for the product  
My flow aquatic so they give me medals  
And they applaud us, they call us top of the shottas  
A modest got up the chopper's money and many schedules  
How'd it feel when I didn't have a penny? Dreadful

Got a hand full of nuts (keepin' 'em all sturdy)  
Stop 'em dead in the clutch (like I'm Jamal Murray)  
Got the band on the bus (going for all 30)  
Lot of hands when I touch (because my jaw's worthy)  
Those irrelevant sent home for betterment  
Pitch-tone is elegant, been shown a settlement (yes)  
Yes, a veteran called back to regiment  
Strange affiliated with dark side like Anakin

And I can make it through every damaging plan they send  
Go and get it, photo synthetic and famine they plant us in (ay)  
Reachin' my sons how I plan it, the family wins  
Posted with this chopper, Tommy, no Pamela Anderson (ay)  
They wanna get rid of me, but man I ain't vanishin'  
I got presence out in Japan, the Middle East and Berlin (ay)  
The energy that I channel so ambient  
Is the opposite of slammin' an ambien  
I'm standing bigger than the

Giants, raise your hand if you see one  
Or see some, we together, we a legion  
Tyrants, you bringing trouble, it can be some  
Don't be dumb, we got funk and you don't need none  
Violence, is what they want so here the strings come  
It's loud and clear like here do we come  
But now they sit in

Silence, with the coonery and leave from  
The rerun, 'cause our music bringing freedom

(Big, we) Came in the door, changing the flows, strange and behold (WE)  
(Bigger) Aim it to blow, bang and it grows, reign in this show (ME)  
(Truly) The path was meant to be, they know we mentally  
(Deliver) When we call, we brawl until we all (free, free)

Big, we  
Bigger  
Truly  
Deliver  
Free, free
