Deer Alley

Tech N9ne

Yeah
I mean, nah
Late night rollin' highway 70, then a deer appeared
Makin' us hit the brakes and smack the buck and now it's stressin' me
This place it has never been a clear valley, yeah, I get it
But it's a super inconvenience when you're rollin' in deer alley
Tears tally
In deer alley
Deer alley

I sit and wonder why the deer don't peep the pattern of this place
How the fawns don't remember where they splattered mother's face
Are they sad their mother's fate was in a crash and drug to lake?
How they don't know goin' back where the crash had happened a mistake?
Yeah, I know we built the roads in their habitat and drove up
But the headlights hit them they never quick to dip 'cause they just froze
Light exposed, blinded 'em so they can't make out
What it was, so they die, and sometimes even us, they take out

Blind, the signs, they ignore 'em
Concernin' they're not learnin' from the ones that came before 'em!
They seem like so unbothered and it's deep
Here's how we deal with how they get slaughtered in the street!
Deer alley!

Where the families of all the fallen tears tally
Life's a gamble today when even near rally's
Others may be bright and sunny, but we're cloudy
In deer alley

Since 2Pac and Biggie, a slew droppin' quickly
Lotta Facebook, IG, TikTok death and you watchin' wit me!
It seem like they wanna be like that piru poppin' Rickey
Instead of ya crew lockin' fist he wanna step wit a few Glocks and stick me
I wonder why these kids don't peep the pattern of this hate
How the poverty stricken take and they toe tag 'ems a disgrace
They ain't trippin', workin' towards a deadly position
Media dissin' all these kids been comin up missin' just ain't clickin'!

Blind the signs they ignore 'em
Concernin' their not learnin' from the ones that came before 'em!
They seem like so unbothered and it's deep
Here's how we deal with how they get slaughtered in the street!
Deer alley!
