The game were either you can be the player, or you can get played.  
Caution, if you do enuage and you lose,  
this could result in sever heart trauma or distort your way of thinking.  
Play Safely... safely... safely.

I-I-I am a game-gamer  
Play the part major heart breaker brain changer  
Take her thoughts make her start they insane anger  
Then they can march, hate can spark, names DA-DANGER  
You gotta be fine to get in my chamber  
Untamed ain't no shame when I bang stranger  
But that's a thousand point, one got it, but the thing drained her  
And the game hanged her in the strain of a main claimed her.  
Now what you gon do different?  
Wonder how well the picture went.  
The one I saw was twitcher sent  
Saw through mommy like Mr.Kent.  
Lookin like her kissers were whistlin to get liquor bent  
Or wishin for me to sticker in a position to dip I get her hint.  
A hundred points she gets cause we connected  
Five hundred points for the number that tech direct texted.  
Bonus three hundred if she come over and get naked.  
But a stinky crevice took her to nothing, girl take the exit.

I'm a game  
She the game  
I'm a playa  
You not the same  
Who to loose  
Who to blame  
Don't hate the playa  
Hate the game  
I can be your super lover babe if you just let me in,  
baby it ain't hard to play the game but maybe hard to win  
Its a rollercoaster ride come on as I give it a spin  
Play it right you get an extra man babay!

Next player she say shes the best slayer  
She love when her breasts bare  
With hot candlewax that's rare  
Six hundred points when she say her and her girl is a sex pair  
That'll get you an extra man now we gamin on that there

Baby you doin good stay on it picked up an extra man  
The only way to use that bonus is if a sexy friend  
equally fine as you may join us to pass the test  
to slam fingers in and then out on your own personal message can  
Skype is so exciting and virtual  
when two tight women ignite in a delightfulness of diking in about five minutes  
You might just win it yet  
but now your girl lookin up tight with it  
lack of participation got your points steadily spiking  
And if five hundred points is important  
Then let your mind body and souls free  
Keep your opponents from trying to score these

Mighty sluttin up with just seconds left on the board  
3-2-1 and on to the next ones cause these bore me  
Because

Eleven Hundred points mommy looked smelled and taste good  
But lost it from tellin it all on facebook  
One got a dinner  
The other from twitter was usin a fake picture  
And in the end werent none of them winners  
Till I met this girl from tagged.com  
Got to meet me, whip me, and she be freaky deaky  
Got the dinner a movie and plus a repeat.  
Highest score ever but i broke the broad  
Say you came close but no cigar my minds primed.

Gamin on ya  
Even if you got some good head hood said  
You keep the pood fed till the woods dead  
If you happen to get into bed with me  
Then you'll spread quickly and do a medley of ooh and yea's with me  
And thats a thousand points if you get that  
Dinner is a thousand mo you can get it if you with that  
Good conversation can prolly get you diamond knickknacks  
But a misshap like bloggins about how I did that, give my shit back!

Thank you for playing Gamer  
Congrats if you are the winner  
Sorry and shit if you are a loser  
If indeed you failed

But remember  
Continuous play may cause extreme nausea and often results can be fatal
