Let me tell you a little story about this nigga I know  
From the M and the O  
A chemical nigga who says I got criminal flows  
I'ma set the record straight for a second  
Everybody knows this nigga is hot-headed  
And due for a mic checkin.  
You drew first blood in '94  
Trickin with my baby momma  
You know the one you called a ho  
I'ma let you know  
That if you take it back to the past  
When I was squeezing hella ass and playin hookie  
You can ask my bro, He will let you know  
Back then I shared my pussy.  
You was using music as a form of pursuing  
Pussy sneakin in her bed and beggin for a screwin  
Who the fuck is you foolin?  
I can still make her make you put yo muthafuckin mic down  
Straight interrupt yo show  
And serve yo ass in her nightgown  
Right now  
Fuck the rappin, we can fight now  
Tight style, Sell for miles  
Change the name Vell to Vall  
Call him Dame or Gal  
Cause the way he came was foul  
Nigga that's bitch shit  
Tech N9ne you dissed it  
But they missed it  
Told me that you sold 200, 000 with pride  
But you lied, I don't mean to hurt yo feelings inside  
But you sold 5, 000 Nationwide  
You a clown man  
You niggaz think I jokin, go check the SoundScan  
All I wanna know is.

Why this nigga steadily savin his flows for me?  
(He wanna get paid)  
And why this nigga basin his whole life on challenging me?  
(He wanna get paid)
