Haters can fuck off, flee with your tough talk,
This is no mercy, thirsty for blood and I bust off
I am the reason they find you stiff with your nuts off
Cut cross and busted off for yappin' too much boss
Rules don't apply to me America lied to me
So ain't no way you're containing this devil inside of me,
And your children they love it how I'm a rebel and rugged,
If it ain't about a way that I can clutch it tuck it motherfuck it

Pat him down (you can't get rid of me)
Melt him down (might as well let it be)
