I know she wanted me by the way she was lookin'  
Like she was famished and I'm the one with the cookin'  
I'm having fantasies right away of me pushin'  
And bouncing her lovely cushions  
I want that wonderful noogin  
Made my way across the dance floor  
And so made it to her table gave my hand no scam go  
I'm slight crazy, but bright baby  
Tonight say we do it right maybe  
She said "I like ladies"

x2  
You, we got something in common  
If you feel it say amen  
I really feel your spirit like a shaman  
Me and you and your girl  
We can go on and on to the dawn  
And with women I have a knack for bondin'  
Ill, I like ladies, I like lesbians  
They love me so they let me in  
Oh pretty ass thick chick tryna look butch  
Steady wonderin' why I'm sniffin'  
Cause you're sittin' on a puss

x2  
If you wit it and wanna get it

But I can really go  
Ain't no time for disrespect  
And I keep it on the low
