

# If I Could

Tech N9ne

Could have could  
Could have could  
Could have could  
Could have could

Listen!

I know I'm always gone, and I ain't never home  
And plus you barely ever hear me on the telephone  
Just tryin' to sell a song, 'til my bride ain't jealous none  
And my hell is shown, but if I rest  
It's just like I'ma malice thrown  
All the way all the day all I say called way  
A loved one calls to say  
"How's the Bay hoggin', stay for a holiday"  
But I'm far away, gotta pay, lotta K  
from my daughters we send they mommas they sum  
But then there's problems when I'm away  
But I gotta go get it, a lotta dough in it  
A hundred percent I'm in it to fly and real grit it  
Techa Nina be breakin' it up when I go spit it  
But it get to me when the family cry no shit it  
becomes hella hurtful  
Yo, feel like I'm runnin around in circles  
If I could I would  
And I would stomp with the mic go bezerk-o

But if I could, I would be good  
I would be there for you just like I should  
You wouldn't cry, when I say goodbye  
For the reasons, do not tell me why  
But if I could, I would be good  
I wouldn't leave you, you think that I would  
It feels like I die, a little inside  
Know I hurt you, when I say goodbye

Yeah  
If I could I would  
F'real  
Check it!

I know your heart is skippin', cause I'm on a mission  
Your eyes and schnoz are drippin', cause your dog is missin'  
And you his broad and wishin he wasn't a frickin' politician  
You want his kissin' and you hope and pray that God is listenin'  
You want to frolic with him (geah) but he gotta get them  
dollars give them all of his grin polished scripts and they all assist him  
Now he's baller big and tall ambition, you're fallin' friction  
Cause you missed your body's twitchin' throbbin' from his rod incisions  
So you started fishin', websites and call him bitchin  
Thinkin' some broad is nibblin' on his dick and y'all is driftin'  
But he just say nah to chickens, all of this when cause is given  
If I could I would dissolve sistership

Just trust me  
Please just trust me  
I'm doin' all this music, so we can go all over the world  
I swear to God, I'ma take you all over the world baby

We're gonna go, to Hawaii  
We gonna stay for months!  
You always knew I wanted to go to Hawaii  
And we're gonna go all over the world baby just just just give me time  
I'm gonna get this right, and do what I'm supposed to do  
I swear to God we're gonna go, all over the world  
We're gonna take, long trips  
We're gonna go, to Japan  
We're gonna go, to Africa  
Wherever you wanna go, all I need  
Is a little bit of time  
A little bit more time, all I need is, time
