

KC Huh? KC What?

Tech N9ne

Strange Music special collection

'Zilla keep the heater just in case we have a booboo
Kansas City natives and we are a little cuckoo

Fans are with me, I am this spitty
My price is running 50 grand to get me
My jams are crispy
I blam the Blicky if somebody disrespecting Kansas City
Plan to hit me, we got something to hand you quickly
And that something will land you stiffly
Expand your titty, no vest, I guess he wore the brand of Vicky
Rhyme vocals stay crazy 'cause I am postal
Even though a N9na flying coastal, N9ne's local
You can find me after 4 at Prime Social
Dope flow, I'm the papi
Broke? No, Donny's guappy
Those foes'll get the toast though like okonomiyaki
Okie dokie, I get hokey pokey
'Cause the goatee's dope, bitch I hold the trophy
So below me, your quotes be jokes, G
Never pro me [?] we throw B's
Tell me you from KC without telling me you from KC
Feels like I won the lottery if I got a plate of Gates free
