

KC Smile

Tech N9ne

Mama, I can still see it now
Your KC smile, wow

I look into the clouds (Ayy)
Then remember the smiles (Hey)
Still a friend to the crowd, never censor the shroud
No more whimpers to stay with, that's your vow
Picture you rollin', never layin' down
Laughin' at all the funny things you were sayin' now
Woke up today and found pictures displayin' brown
Brothers, down thuggers full of ruckus in this amazing town
I know that they be proud of the way we style and rep the space, G's proud
Although you lay in peace now, Diamond, Doc, Toulou, Mike, Marc, Dwight, Dam
on and Sam, I see your KC smile

I swear I see your smile with everything I do na, na-na (Yeah)
You disappear on me, but when I picture you, I just
Smile, smile, smile, smile
KC smile, smile, smile, KC, you smile for me (Ayy)

It ain't no question that all of us love you (Yes)
Would be a blessin' if we all could just hug you (Yes)
Certain places in town I gotta be the strongest to view
Can't pass spots in the city without thinkin' about moments with you (Uh, uh
)
New in the blessed is true in your death
Crew in connect and we all know that you're doin' the best
Who in the set miss you in the flesh
All of us reminiscin' hope not a thing ever ruined your rest
Even though the case reads foul
I'm 'bout to state these loud
Info, Russ, Brian, Troy, my brother Maurice
And last but not least my niece, Pretty, I see your KC smile, baby
It's like y'all never left
Forever good spirited, no death, yes

I swear I see your smile with everything I do na, na-na (Yeah)
You disappear on me, but when I picture you, I just
Smile, smile, smile, smile
KC smile, smile, smile, KC, you smile for me

Gone, but never forgotten
Soul forever be watchin'
'Til we meet again on the same path whenever we crossin'
Homie, when I get there, it better be poppin'
Love you

I swear I see your smile with everything I do na, na-na (Yeah)
You disappear on me, but when I picture you, I just
Smile, smile, smile, smile
KC smile, smile, smile, KC, you smile for me
