

Lurking in every corner of your mind  
Haunting your feeble existence with the rhyme  
Your every breath consumed back in  
For battle with this MC you'll never win  
Anghellic, Everready, Absolute Power, MLK  
Scream 'til nay sayers run away  
You'll be infected soon even if you've never heard of  
This deadly MC, prepare for murder

Ain't nobody stupid enough to get at me  
Full of a lot of lemon, Sprite and Hennessy  
Better be on my team and not my enemy  
Givin' the suckers murder with my energy  
See by the way I'm walkin' I'm a killer  
Can see by the way she talkin' I'ma steal her  
Get it poppin' you watch it take a Godzilla  
And the Glock'll pop if you mix up my skrilla  
Listen to me when I say that I'ma get it  
I know you really lovin' the way a nigga spit it  
It don't matter the weather, N9na gotta grit it  
And I never will give a damn about a critic  
I don't think you ever seen nobody rougher  
One way or the other the music gotta touch ya  
But if I gotta break it down for the suckers  
All killer no filler, motherfucker

The killer in me, there's a killer in me  
The killer in me, there's a killer in me  
The killer in me, there's a killer in me  
The killer in me, there's a killer in me

With an arsenal of tongue twisting rhymes  
N9ne's music makes for good times

Haters you better be careful when you speak to me  
I don't think you really wanna be off in the beef with me  
Stupid thinkin' you wanna come and get a piece of me  
Flow anorexic and my flow is obesity  
Better kneel down the moment that I enter  
I'm a veteran and you nothin' but a beginner  
Not a devil but you can bet that I'm a sinner  
I gotta eat the pretty women up for dinner  
I can be a little psychotic on the wickedness  
It's a homicidal recital when I'm rippin' it  
And you know we get hella vital when I'm kickin' it  
It's a fantasy for many but I be livin' it  
Do whatever I gotta do to get the mill  
I get down and dirty and dummy with the skill  
If you wanna come and get it but know the victory  
Is not in your favor 'cause I got the power to kill

The killer in me, there's a killer in me  
The killer in me, there's a killer in me  
The killer in me, there's a killer in me  
The killer in me, there's a killer in me

Ask anybody they will say I'm runnin' this

I know I got your lady wantin' some of this  
My encephalon ain't no tellin' what will come of it  
Night is trouble, I bring 'em hell even if the sun is lit  
Got the prophecy it's takin' over the nation  
Ain't no stoppin' me I got the certification  
Choppin' broccoli count the money that I'm makin'  
Stop the mockery it be funny 'cause you fakin'  
All of my killer homies wanna hit  
Put the elbow macaroni on a bitch  
Killer killer for real guerrilla with that fist  
Let it loose I'ma leave you losin' with a stitch  
If you thinkin' you got it better I'ma cut you  
Killin' you off and I love it when you suffer  
But if I gotta break it down for the suckers  
All killer no filler, motherfucker

The killer in me, there's a killer in me  
The killer in me, there's a killer in me  
The killer in me, there's a killer in me  
The killer in me, there's a killer in me

So there and beware of what you say  
For misspoken words you will surely have to pay  
A vial of musical poison will fill ya  
You can't resist the swarming of the killer
