

Levitation

Tech N9ne

Every day I wake up
Even if I don't feel like it
I push, push myself
And the response from the people
Makes me feel like i'm floating

Levitation no hesitation
I came too far to look back now
All my decisions was so I can win and
I feel like I'm a champion yeah!

Levitate yeah

When I wake I wash my face then get it in (get it in)
Schedule filled and still I gots to fit it in (fit it in)
They dependin on me (who)
Family, fans, and homies (true)
Have to understand its all about the T not only
When I work I feel like I can fly in the sky
All the love they give N9na get me high ain't no lie
If I wasn't such a killa I would cry not that guy
Levitation dedication in my eye till I die
(Woah) people know I got it from the dirt
(Woah) so rough when I started man it hurt
(Woah) but all that struggle paid off
Im a business owner now I can't be laid off (hell nah)
Whatever you do, do it every day
And do somethin different if its true it barely pay
Don't be a jack of all trades and a master of none
I chose to give you rap ima blaze and I'm after the sun

Look what we invented, such a win is funny
Cause when I wanted to end it
No success felt like I'm finished
But my friend with the other percentage said
Let's go get this money

People really care how I feel and its real
Cause I put the middle finger to a major record deal
For this independent label had to peel hella skril
Now we all around the planet making mills how that feel
(Woah) like it lit a fire in my soul
(Woah) got a push it higher till it grows
(Woah) levitating like I'm David Blaine
Yelling loud i made it mane cause we all created Strange!
Im thankful for yall dedication
And rep Strange tho, with no hesitation
The white black and red is waitin to dead this hate until it's devastation
And have a better nation where all the love for like levitation
