

## Love 2 Dislike Me

Tech N9ne

I am your fool  
Loving you, I shouldn't  
You take me, chain me  
I have nothing anymore

You want a regular dude, but you think that I'm what you need?  
You gonna get in your mood when I bitch in every text you read  
So I think I'm gonna let you breed, but I'm the enemy that set you free  
I gotta let you know what gets to me, ready or not like a refugee

You complaining when i see you, that I never have time  
That I'm busy as a beaver  
Gotta face when I feed ya, really need Hennessy  
That be my fucking reliever  
Why you wanna stand and cry the most  
All you think I'll get up for you to try the coat  
Then knot the ho, really wanna tie the ropes  
And buy the ?, And hang Nina by the throat

You must really like my imperfections  
'Cause you stay on dismay, temper detections  
And that's nightly, too much messing with my psyche  
That enough hurts, but you fight me  
So you must love to dislike me

What did you ever see in me?  
Was I only needed be?  
I'm running away from your judgement  
Don't you try to find me  
I won't let you change me anyway, anyway

Yo, I'm feeling stoned now  
Sick of having those breakdowns, they gone now  
It's on now, I've grown foul, it's wrong how we've shown clouds  
You keep your tone out of my dome gal

I'm sick of this shit  
All the pickin' and the pullin'  
I don't dig it a bit,  
Livin and learn what I want  
And what I'm givin 'em livin 'em diggin a ditch  
Dick I wanna fit up in this  
You stayed out of my premises  
But you ain't supposed to be my nemesis  
Wanna be in ta kiss, then Ima finish it  
What happened to close friends with benefits

I'm mad as hell  
'Cause I wanna be back when we had it well  
All this static's problematic like grabbing a rabbits tail  
And that's nightly, too much messing with my psyche  
That enough hurts, but you fight me  
So you must like to dislike me

Do you feel the way I feel?  
Is any of these even real?  
I'm running away from your judgement

Don't you try to find me  
I won't let you change me anyway, anyway

Inside I wanna find somewhere I can hide  
Away from all the faded dreams and tainted lies  
I wanna tear you up and love you all I want  
You quit and score so give me more  
Give me more  
Give me more

So tell me everything's okay  
I'm only dying just to be  
You wanted only everything  
And all you do is kill me  
So tell me everything's okay  
I'm only dying just to be  
You wanted only everything  
And all you do is kill me

You point out all my imperfections  
But yet you stay  
That's nervewrecking  
I can't live this way
