

# Nasty Girl

Tech N9ne

Tonight, living in a fantasy, my own little nasty world  
Tonight, make you wanna come with me, do you think that I'm a nasty girl?

So many nights I'm alone, need something to bone  
It's Saturday too, I know something goin on  
I roll to the spot, with the dimes and broads lay  
Got flagged down by this bitch Minajay  
Pushin the Hondai, XL  
She tells me when she saw me rockin the show on TL  
How she know me so well?  
We decided to run  
Right back to the nest  
Get drunk, get high  
Minajay said, she had a friend named Twoi  
Put 'm together, and it was oo la la  
Shit don't stop  
Draws drop slow  
We made off, so what a life, Pacasso  
Fuck until the sun came up  
Then I'm on another mission to get it, no attachments, no hang ups  
When I swept that hoe, when I get that hoe  
Just hit it once more, then I let that go

Tonight, living in a fantasy, my own little nasty world  
Tonight, make you wanna come with me, do you think that I'm a nasty girl?

Nasty girls come with us  
I know it's hard for you to trust  
Nuts I wanna bust  
Dreams about us  
Lovin it when we doin it  
We boning all night  
Thinkin I'm never stoppin, you moanin all night  
I'm Geed up, so cold, freeze up  
So eas up, eat the dick, I ain't afraid to get eaten up  
It's all about the satisfaction  
You came and I'm gone  
Your reaction, physical attraction  
We came together like maggots  
You had it, you look, then you grab it  
I took it, then I stab it  
Kick it, baby, won't you lick it?  
Ride it, don't you quit it  
Hit it, let me get it  
From behind, don't be shy  
We makin tripple love, I know you wanna, I can see it in your eyes  
I reply  
I say goodbye  
I know you been it before this, I had to come with it  
It's on

Tonight, living in a fantasy, my own little nasty world  
Tonight, make you wanna come with me, do you think that I'm a nasty girl?

She loves fuckin  
I do too, so we a perfect match  
Plus she heard that I'm that nigga

Holdin all this cash  
The type of bitch that makes me peak is the one  
The one that can make me weak when I cum  
Damb, now go get a nigga some new Wiskey  
Fucked all my dogs, she's convincing  
She love to be around the studio clique  
Fuck it, turned her ass into a studio bitch  
Suck it  
Recording lyrics with the red on  
Cause the bitch is incredible, making me drop headphones  
Honey loves swag money, she on  
Grab ahold of a nigga  
Lay on the bed, grab my shoulders, put your legs on  
Fuck a nigga just for the ice  
Time for daddy's little girl to pay the price  
You all grown  
And well known as the queen of the sluts  
So just keep doing your job, while we lay in the cut

Tonight, living in a fantasy, my own little nasty world  
Tonight, make you wanna come with me, do you think that I'm a nasty girl?

Hold up, hoes up  
Everywhere we go or posted and roll up  
More at the aftershows, we get blow trippin off dope  
Taken off draws, lickin balls, and ain't nobody gotta know  
I was chillin with this bitch named Dr. Wik  
At the crib, tryna show me how hard the cock can get  
Push me down and pulled my draws down  
To my ankels, bit my nipples, to her belly, now I'm all up in her jaws now  
She was lickin, I was squermin  
Tung like a wet worm, fast approaching my ass  
She looked and said "you know like, you better say that shit"  
And I replied "I'm Tech a N9na, I don't play that shit"  
No rubber, we started fuckin up and down, it was rough  
Dogy style and this bitch was saying I couldn't give her enough  
In the shower for about an hour, she suckin my dick  
When I came, she told me "yeah, I'm a nasty bitch"  
Bitch!

Tonight, living in a fantasy, my own little nasty world  
Tonight, make you wanna come with me, do you think that I'm a nasty girl?
