

# No Popcorn

Tech N9ne

Three, two, one, let's go!

Ordeals make more mills  
'Cause the hip hoppers adore thrills  
Even though they done scored kills war still tore feels, of the mom and daddies  
Not for drills it ain't poppin' with me nor will orville  
Mutiny, street soldiers on a shootin' spree  
You can be, rappin' and rabuking he crashin' and a  
Busing we just poking fun on a looping beat, watch a thug  
Get loose then heat 'cause on line he can't take the public scrutiny  
This ain't back in the days my friend  
Now you just can't rap and bust hate like then  
Now you get yanked, packin' ya face like dentist  
The blick paints, splattin' ya, plagued by sin  
This bomboclaat can't come ya squad  
You can't control the fan foolery or the entourage  
The Dot thorns the Crodie, now they got horns to show me  
I ain't like these other rappers posting popcorn emojis

What do we like? - Jujubes  
We all want a Mountain Dew too, please (And what?)  
And we want some nachos (Oh!)  
Make sure the cheese is hot, though (Make it hot!)  
Hot tamales (What?!), put the spice in life (What?!)  
Skittles and (What?!) sour Mike and ike's (Oh!)  
Three hot dogs, in really hot form  
And last year we had [?]  
(Popcorn)

Period, black brothers got skill  
I'm one of them, I'm one of one  
That butters hot spiel  
Not on the gun, not on the tongue  
Whack others, pop steel  
Crumb on the come, thumb on your lungs  
That butters not real  
Pain enters, emotion deceitfulkin'  
Slain kinder, please soak in' cause he roastin' flame senders  
Need coaching, but we broken  
Gang members, leave joking, no need spoken  
We in a time when freeing the mind  
Is singing the crime, is being divine  
That mean we hold the negative high  
So if the bros competitive dog  
We singing the blind, reading the rhyme  
This ain't LL, Modi, Jay-Z, Nas  
Lately hell fell, aren't we crazy?  
God never stopped in  
To keep all these shop men from dropping  
Pop lovers on corny shit  
And that ain't what's poppin'
