

# No Rub

Tech N9ne

Me and Diamond Sheilds used to sing this to hatless homie's back in the day

No rub, no rub, I never shoulda did it  
Wit no rub, (for real) no rub, no rub, I really shoulda did it  
Wit a rub! (coulda, woulda, shoulda, but I didn't!)

No rub, no rub, I never shoulda did it  
Wit no rub, (for real!) no rub, no rub, I really shoulda did it  
Wit a rub! (coulda, woulda, shoulda, but I didn't!)

Kickin it wit my best friend middle Los, (my boy!)  
He said he had two baddies who wanna get a little close  
(Aye!) Showed me pics I said I want  
The one that jiggle most (wobbly!), my luck turns out  
She was sittin on something that could sizzle roast!

400 degrees between the knees how can a beautiful  
Stacked rack pack such a disease? What a sucka  
Me, love ta be, rubber free when I touch the G  
Plus we'll be, rushin up the D

3 bidness days  
After you penetrate  
You're no longer in the shade  
It's like no rent is paid (what?) Just what without thy  
Sermon you to come praise  
Cause you stuck outside burnin from the sun rays!

Rod scald cause I hit a broad raw gotta take a doc call  
Like a trip to todd hall  
The free clinic to diminish disease in it  
Now she's timid cause he vetted, we finished

No rub, no rub, I never shoulda did it  
Wit no rub, (for real) no rub, no rub, I really shoulda did it  
Wit a rub! (coulda, woulda, shoulda, but I didn't!)

No rub, no rub, I never shoulda did it  
Wit no rub, (for real!) no rub, no rub, I really shoulda did it  
Wit a rub! (coulda, woulda, shoulda, but I didn't!)

Rollin wit my kinfolk Geronaho, he said  
He had a mixed one for me and I yelled domino!  
Then I said vamanos, to the P valley Imma go!  
But beyond them legs on her serious head trauma bro!

She kinda remind me of Raven Simone but in the  
Ghetto she saw this fellow I got ta cravin the  
Bone unprotected smelled like rejected fish was  
Made in the home, infected 16 and reckless  
This behavin was wrong!

Had me parfait the fun is ended  
Shriveled up like a sharpei, I'm stun, offended  
3 days after a dark day, but was done in minutes  
Guess I had to learn the hard way, pun intended

3rd time wasn't a charm at all, gonorrhea  
Made me wear hat so nothin harm the dog  
Permanently, no furnace hit me, warned ya all  
Naked head is a method dead so we can mourn  
The raw homies!

No rub, no rub, I never shoulda did it  
Wit no rub, (for real) no rub, no rub, I really shoulda did it  
Wit a rub! (coulda, woulda, shoulda, but I didn't!)

No rub, no rub, I never shoulda did it  
Wit no rub, (for real!) no rub, no rub, I really shoulda did it  
Wit a rub! (coulda, woulda, shoulda, but I didn't!)

Luckily I didn't pick up no baggage from back in the day  
That I would have to carry for me the rest of my life  
The blest fa sho! Good thing I shredded my playas jersey when I did!

And ladies this don't exclude you!  
Bumpin uglies and orally you can get it too!  
Wake up wonderin why ya lymph nodes in yo kneck swollen  
You might need a dental dam

No rub, no rub, I never shoulda did it  
Wit no rub (for real), no rub, no rub, I really shoulda did it  
Wit a rub! (coulda, woulda, shoulda, but I didn't!)

No rub, no rub, I never shoulda did it  
Wit no rub, (for real!) no rub, no rub, I really shoulda did it  
Wit a rub! (coulda, woulda, shoulda, but I didn't!)
