I just want the noise way high played  
I just want the noise played high real loud  
I just want the noise way high played  
I just want the noise played high real loud

Anybody seated  
Why is anybody seated why is anybody (why?)  
Oh no gotta get up and then get with the flow  
You see the people are movin and jumpin and groovin you gotta be ready ta go  
!  
They try to switch up the routines pathetic  
Like the operation creep in the moves gettin no credit  
I just keep switchin the mood gettin em wet  
Til the drop comes get in the room they try to fuck you with the-

Noise  
Baby  
Noise  
Baby  
Noise  
Baby  
Noise  
Baby

Up turn it up I just really love that sound  
Might get em up if anybody turn that down  
Beat so fulla rump it's gonna earn that frown  
Anybody tryna touch my DB then we gonna burn that down

Played high real loud
