

## Poisonous

Tech N9ne

Now you know that I'll never give you anything that will hurt you right baby  
So try this  
Yeah  
Yeah  
You like that?

I saw you back where we began  
Then you took me for a spin  
And Captivated brought me in and now  
See I still watch you from a distance  
Lost in you lose all resistance  
Poisonous the way you took me out  
Cause ahh you-oh-oh-oh-oh-oh-oh-oh-oh got the best, of me  
Cause ahh you-oh-oh-oh-oh-oh-oh-oh-oh got the best, of me

Nina  
I'm like a walking drug  
I can make your lady pop X  
Want sex from a nigga like me  
I can feel her nightly  
Even make her fall off in love  
Get away lost off in hugs  
Stalkin blood for an awesome plug  
This is addictive  
Vicious and wicked slick talkin stud  
I take good gals  
Recruit um, pollute um  
Put X in they wood valve  
To shoot um  
They chewed um up and true enough  
They would be poppin, droppin, pursuin us  
Plus screwin the crew an such  
A ruined slut livin through a nut  
That was then but now I see um  
They be on the same shit  
Brainless  
Itchin to get that quick trip wanna be painless  
I don't fuck wit it no more that I can arrange it  
I was like Dracula attackin her when I give her game  
Hella vein language  
It was they choice to trip  
I kept her moist and slick  
Now she's an annoying chick  
I started avoiding Ms.  
Give her them toys and split  
I polluted so many women with bad habits and drugs  
I guess I'm poisonous
