Something better then a wife, no glitch
She won't stop ever, but she might go click
If you leave her you'll see a PSYCHO BITCH
Now shes callin your crib, at nights so sick
Wanna pop up and try ta fight your chick
Lorena Bobbitt, Told her to slice yo dick
If you Ever break up with a Psycho bitch

Don't give me that shit
But a nigga don't care, never could it be fair
Then I was up in a middle lover
Came a double dare when
I woke up
I was in a Mutha fuckin nightmare
How you ganna fuck me on Sunday
Then you wanna say you love me on Monday
You buggin,
Thinking everybody gotta bow down because your off in your lovin'
If your on your telephone
And then she lose it when you use it
If sleep, don't leave it on, nigga, for true she will go though with it
She call a bitch back from your phone and chew the chick a new uterus
Even if that situation not lewd the bitch is ludicrous
Bad when you gotta better bitch around
Sad cause you never wanna kiss her now
Never would got up in the women
If I knew about menace
And now never wanna take her down
If she take her seroquel, and selects
The bitch would probably stop and then try to catch yea
Slipin with a beauty itchin to get chya
You betta hope you neva leavin the stretcha
If you with a psycho
Don't go thought with it
Be throught with it
Right in the midst of happiness
Her mood will switch and ruin it.
You thinking you know women and your just so intuitive
Bet that a nigga,
That in back,
At the end of this

You will have to shoot a bitch

You can run a bitch by adjusting the antennas
