

Snake and The Batman / Story Time (Skit)

Tech N9ne

The Snake and the Batman
Let's go

Snake and the bat, the haven that awakened you cap
From takin' a nap, shapin' a nation, hopin' they can adapt
To placin' the strap at Satan, a blatant attack
Hating's domination waitin' to be shaken, facin' Yates in the t
rap
Droppin' the faction that's lackin' African passion
When rapping crap is in action but the black assassin is happen
in'
Laughin' 'cause I make 'em all a has-been
When I'm mashin', everybody that I'm passin'
Is gaspin' 'cause I'm elevation, Aspen
Get it brackin' in a Tecca Nina fashion
Super wordy
If you can serve me like a booth for thirty
But I'm Ruger, squirty
Language and this loofah dirty
I don't see another artist on a nigga level
When I get to go to get it started, I'ma hit the pedal
Anybody wanna be departed, come and get the rebel
That'll really be retarded like you're fuckin' with the devil
But you're not though, it's Picasso with a afro
You the cop, yo, that's soft, I say, "Gestapo"
Cotton swabs, we choppin' gods
And we're forsaking your wack jams
Making your rap fans follow Snake and the Batman
(Snake and the Batman)
(Snake and the Batman)
