I don't wanna wear you down  
I don't wanna see you fall from the anchor's end  
She don't wanna weigh me down  
So frustrated but we've got the answer now

I wanna split (now) I need a fix (now) Don't need a bitch (now)  
But you da shit (now)  
I wanna split (now) I need a fix (now) Don't need a bitch (now)  
But you da shit (now)

I don't wanna wear you down  
Show you something that you've never dreamed of  
You don't wanna watch me drown  
So frustrated but we've got the answer now
