

# Wet

Tech N9ne

I ain't spilling nothin'  
And I'm really struttin'  
This liquor feel all sudden  
Eee-ia-ia-ia  
Hit the floor like woah, ain't no tellin' what Bianca fo' sho' my go  
Make hella doe like blow but it  
Must be that vodka that's making me hot as fuck

Look at me I'm sweating like I hit a sherm stick  
Fishnet, hairnet to cover my perm bitch  
That's how I feel right now, I ain't concerned with the germs  
Here to kill right now  
I come to terms with the loss of my swisher right when I passed it to a bad  
bitch  
Maybe she'll let me take home that ass, hit and casket it  
Functional drunk and I masted it, fast with it  
Asking if this chick wanna dip and dap and let me smash it a bit  
Talkin' bout wet? Gave her the woop wap she shoutin' out "Tech"  
Nina boppa seen the proper thing that brought the cream  
I'm bout the jeans and I'm bout the zing zing leaders spot  
And flee to the block and I free her like a stream  
Whole team keep it's hot grits, I do not spit shit if it is not lit  
So much liquor mixing in here I might be toxic  
Sweating like fire, and bombing fluids where I drop sticks

In this thang dripping like I'm on we-we-wet  
Whole body on my face full of swe-swe-sweat  
On my level everybody try'na ge-ge-get  
I don't get that stress when I rep that set  
In this thang dripping like I'm on we-we-wet  
Whole body on my face full of swe-swe-sweat  
On my level everybody try'na ge-ge-get  
Must be that vodka that's making me hot as fuck

Sweating like I took a dip in the pool  
Mixing your liquors'll hit ya, have you tripping a fool  
My hitters'll get ya, tryin' flip, ain't tryin' to get to the tool  
We ain't boolies, when we bickin' we bool, we on the couch we Tom Cruise  
Spillin' Bom booze on shoes  
Anybody that test us, you gon' lose  
So let's spark a blizzy, take a drizzy, pop a pizzy, get so dizzy  
Grab a brizzy, then get busy, Kansas Cizzy in Missizi  
Cause the way, my bank account is set up, I can't be the dad  
But after 12 AM I can bread up, then it's on  
We'll be gettin' zoned to their moans  
DTF ladies comin' to make a poan, we record it with a drone

I ain't spilling nutt'n  
And I'm really struttin'  
This liquor feel all sudden  
Eee-ia-ia-ia  
Hit the floor like woah, ain't no tellin' what Bianca fo' sho' my go  
Make hella doe like blow but it  
Must be that vodka, feel like I'm wearing Chewbacca

In this thang dripping like I'm on we-we-wet  
Whole body on my face full of swe-swe-sweat

On my level everybody try'na ge-ge-get  
I don't get that stress when I rep that set  
In this thang dripping like I'm on we-we-wet  
Whole body on my face full of swe-swe-sweat  
On my level everybody try'na ge-ge-get  
Must be that vodka that's making me hot as fuck

Don't ever try to be me, yeah  
I know what you do when you see me  
I'm makin' it look so easy  
But you don't really wanna copy me  
Don't ever try to be me, yeah  
Everybody just...  
'Cause when we hit the town  
It's, goin', down

In this thang dripping like I'm on we-we-wet  
Whole body on my face full of swe-swe-sweat  
On my level everybody try'na ge-ge-get  
I don't get that stress when I rep that set  
In this thang dripping like I'm on we-we-wet  
Whole body on my face full of swe-swe-sweat  
On my level everybody try'na ge-ge-get  
Must be that...  
Lovely wet...
