Technotronic

Come on, it's a mover just like a hoover
Soka me up to the beat to maneuver you m-hm
Come on, it's a shaker a moneymaker
Feeling the beat from here to jamaica a-ha
You might wanna trip on this and get illy
Chilly we're filling you up without the billin
So get with it I'm getting stronger
You're living it up to the beat to get longer
Synchronizing, Hypnotising
I can tell cause your butt is rising
Technoposse in your face while listening to the
bump in the bass

Ooh I like it
Push your butt from side to side
Get on top of that bdat and let it slide
Ooh I like it
Stick your butt out and get ready
Rockin' Rockin' doing it steady

So get on top of the groove it don't miss me
You're running off with the mouth you can kiss
good bye
You got to handle it and don't be afraid to step on into it
Cause you got to obey it when I play it
Shake your moneymaker when I say it
Pump it up and stand at attention
Move your body into perfection

Ooh I like it
Push your butt from side to side
Get on top of that bdat and let it slide
Ooh I like it
Stick your butt out and get ready
Rockin' Rockin' doing it steady

Take your time, Take your time, Take your time

Cause I wanna rock - I wanna rock you babe
You got to work - You got to work your body baby
I can tell that you want to do it
Shake that thing there's nothing to it
Work - you got to work your body baby
Come on y'all it's time that you knew it
Get on top of the beat and do it

Definition head point collision
You think your gender will make your decision
It's impossible not to get with it
Dance while the music goes right into it
Burn it up, turn it up, just like you know how
Plugging it, tugging it, causwe you know how
It's a party, working your body
Oh you're screaming "beam me up Scotty"

Rocking till the break of dawn You can turn me on We can do it all night long You can turn me on Rocking till the break of dawn You can turn me on We can do it all night long

Ooh I like it
Push your butt from side to side
Get on top of that beat and let it ride

Stick your butt out and get ready
Rockin' Rollin' doing it steady
