

Don't Push Me

Ted Nugent

I will not be discouraged 'cause it happens everyday
It's so inconsequential what those people got to say
Don't push me, no no no, don't push me
I will not get down on my knees
I will do what I damn please, don't push me

I'm a little ego centric and I don't believe in rules
I got my breakin' point, I ain't nobody's fool
Don't push me, no no no, don't push me
I will not get down on my knees
I'll do what I damn please, don't push me

Don't push me... don't push me
Don't push me... don't push me
Don't push me... don't push me
Push

Well, they're pushin' and they're shovin'
And they're makin' their demands
But I don't give a shit I got a rock and roll band
Don't push me, no no no, don't push me, no way
I will not get down on my knees
I'll do what I damn please, don't push me

Don't push me... don't push me
Don't push me... don't push me
Don't push me... don't push me

Don't push me... don't push me
Don't push me... don't push me
I will not get down on my knees
I'll do what I damn please, don't push me
