Gonzo

Ted Nugent

I've been there before, I'm comin' back for more
I know what you like
Back in town again, lookin' up my friends
You know what I like
Madness in the air, crazies ev'rywhere
I know what you know.
It happens ev'ry night, I gotta take a bite
Ev'rybody's Gonzo
Come on
I know you know ev'rybody's Gonzo
