

# High Heels in Motion

Ted Nugent

It's all right to fantasize  
If she wants to run let her run all night  
Don't be afraid to take a chance  
The girl can rock, this girl can dance

She ain't gonna watch TV  
I just can't wait to see her

High heels  
High heels in motion  
High heels  
High heels in motion

Look alive, make a move  
Some men win, some men lose  
She's the one, she's in control  
Spiked heels and rock and roll

She ain't gonna watch TV  
Oh I just can't wait to see her

High heels  
High heels in motion  
High heels  
High heels in motion  
High heels  
High heels

It's all right to fantasize  
If she wants to run let her run all night  
She's the one, she's in control  
Spiked heels and rock and roll

She ain't gonna watch TV  
Oh-oh I can't wait to see her

High heels in motion  
You've got those high heels  
High heels in motion
